

Precinct 13

Kemps Creek

Precinct Description:

The Kemps Creek precinct (212 ha) is a core habitat bushland area with limited public access, and contains the Kemps Creek Nature Reserve.

Desired Future Character:

A conservation and ecological resource for the Parklands and the broader Western Sydney community.

Objectives:

- Promote environmental conservation and educational opportunities.
- Conserve and maintain a vital link in the Parklands ecological corridor.

Land Use Opportunities

- Bushland regeneration/conservation
- Environmental education facilities
- Existing and future service infrastructure

Key Management Priorities:

Environment and Conservation:

- Conserve and protect the biodiversity of the Nature Reserve.
- Explore the Indigenous and Non-Indigenous heritage cultural values and education/recreation opportunities.

Culture and Participation:

- Promote public appreciation, enjoyment and understanding of the nature reserve.

Note: This precinct contains the Kemps Creek Native Reserve which is subject to a separate Plan of Management, as required under the *National Parks and Wildlife Act*.
